

Dear Res,

When I started English courses, I didn't have any idea about how they would end. But after 7 months, I know that besides improving

my English, I have made several friends. This has made me so happy. I really appreciate sharing together the stuff and others students here at Brandon College. Here, I felt I was in my home. I really would like to thank all the teachers that have contributed to my learning. I could say that it was professional and enthusiastic, because of this I felt a wish of always wanting to do my best. I know that I still ~~have~~ so much to learn, but I have felt more confident and safe for the next challenges.

To my friends, I want to leave a huge hug and my apologies for any unconscious mistakes.

Best wishes,
Wilmington Roosevelt Alves Novais.
